a Runaway.

While J. S. Matherson, Esq., of Mangum, Richmond county, was on his way home from Wadesboro yesterday evening his mules ran away with him, down the Ingram hill, three miles from town, on the Dumas ferry road. Mr. Matherson was thrown from the wagon and his leg was fractured at the ankle joint. He was taken to the home of John Groff, near by. Dr. A. B. Huntley was called in and set the broken member.

The Silk Mill Will Double Its Capacity.

Enough machinery to double the capacity of the Wadesboro Silk Mill is now being received at the mill. Mr. Robert Singleton, the efficient superintendent, says the mill is doing well now. About 80 operatives will be required to run the mill after the new machinery is placed.

Mr. Wright Has a Runaway.

Rev. T. S. Wright narrowly escaped being seriously hurt Thursday. While on his way to Rockingham to attend the Association his horse became frightened at a broken vehicle in the road and dashed off at a regular cyclone gait. Mr. Wright was thrown from his buggy and received several slight but painful injuries. The buggy was a complete wreck.—Rockingham Index.
